Why should there be any objection to introducing the same rules as they have in the Bangalore City Municipality? The cattle nuisance is becoming intolerable with the increase in the number of gardens and parks in the City Year's growth is liable to be destroyed, as has often happened, in a few moments by stray cattle

SIR,

B
Adverting to correspondence ending with your letter No. 1055/Ml.73-16-1, of the 2nd instant, enquiring how far the measures sanctioned have been successful in mitigating the cattle trespass nuisance in the City, I have the honour to state that as coolies on Rs 5/- a month could not be secured, the Council thought it desirable to employ 8 coolies on Rs 7/ each a month instead of 12 on Rs 5/- Thus, the total amount sanctioned in Government Order No 5183-4/Ml 13-15-21 of 17th January 1916 has not been exceeded

2 These coolies have been deputed on all important roads where traffic is heavy, to impound stray cattle The Police in the City have also been requested to help these men in this respect. Though the temporary staff is working satisfactorily under the close supervision of the Municipal Engineer, yet the nuisance cannot be said to have abated

3. The question of levying double fines on impounded cattle having been placed before the Council at their special meeting held on the 10th instant, it was resolved that the
